

# Volunteer Training

**Thank you for agreeing to undergo School Volunteer Training. Below you will find links to the short training manual for your "at home" training sessions.**

**Each time you visit Mary MacKillop School to work as a volunteer, you are required to sign on as a volunteer. Each classroom will have a sign-on book, where you record your name, time of arrival and indicate that you are a registered volunteer with the School. Similar sign-on books will be in the tuckshop, library, school office, and at school sporting events, carnivals, special days, dances etc.**

**In responding to the Queensland Legislative requirements regarding Student Protection and Volunteer Training, we are mindful that becoming a volunteer in a school is now a complex process. Volunteers are highly valued here at Mary MacKillop and your role in helping at school is a very critical one to our daily life and the provision of high quality education to students. Please continue to volunteer within our community. The students benefit enormously, the staff appreciate and value your contributions and the Administration Team commend the many skills and incredible energy you give us as a volunteer.**
